

LONGi

Claire Wansi Zheng

Business Development Director for ME of LONGi Solar

Ms. Claire Wansi Zheng, Business Development Director in the Middle East of LONGi Solar, has been working in the renewable solar photovoltaic (PV) energy sector for about 3 years and in the Middle East energy sector for over 5 years. She is active in the regional solar industry and market, following up with utility scale solar PV projects, key developers, Independent Power Producers and major international EPCs etc. Previously LONGi's country manager in Saudi Arabia, supporting the corporate manufacturing investment strategy in Saudi Arabia and leading the key communication with the project stakeholders. Through her extensive experience, Ms. Claire Wansi has gained a broad and thorough understanding of the solar PV sector in the Middle East, and hopes to continue to apply her experience and knowledge to the regional solar PV projects and players.
