

EZZELDIN HUSSEIN

Solution Engineering Manager

Ezz stands at the forefront of the fastest moving technology trends like Digital Transformation, Cloud Computing, AI/ML, IoT, Edge Computing, Blockchain, and 5G. He serves as a Solution Engineering Manager in VMware. He spent the past fifteen years evangelizing an industry-wide shift to the cloud in the region by promoting virtualization and cloud services to customers. With a unique mix of knowledge about different industries, businesses, and technologies, he passionately helped many customers through their digital transformation journeys.

He holds a Management MBA, bachelor's degree in Computer Engineering, Diploma in "Modern Telecoms", "Executive Leadership" certificate from Cornell University, "Strategic Leadership" Certificate from Notre Dame University, and "Leading Organizations in Disruptive Times" certificate from INSEAD. He has over more than 25 years of experience in different information technology areas and one of the key leaders in the technology industry in the region.
