

JON BLACKBURN

Partner - PwC

Jon leads PwC's Power, Water and Environment in the Middle East region. He has 16 years experience working across the power and water sectors. This experience spans Europe and the Middle East. During this time, Jon has helped shape, deliver and lead major programs of transformational change for a number of high-profile global utilities focusing in particular on the application of digital disruptive technology and the customer experience agenda. Jon has worked with most power and water sector entities in Dubai, Abu Dhabi, Saudi Arabia and Qatar. Recently Jon has led a number of high-profile engagements across the GCC focused on the transformation and restructuring of the power and water sectors.
